Crafted
in light

**Crafted in the mountains.
Imagined by the sea.**

Roots running deep, history's thread,
In their footsteps, we are led,
Their dreams, our guiding light,
In their honor, we take flight.

Crafted in the mountains

In the heart of the Catalan Pyrenees, surrounded by forests and silence, our story begins. This is where Estiluz was born — among mountains shaped by time, and a legacy of metal craftsmanship passed down through generations. Here, tradition is not a word. It is a practice. This land — rooted, authentic, enduring — is where every Estiluz luminaire is crafted.

And yet, the spark comes from somewhere else.

En el corazón del Pirineo catalán, rodeados de bosques y silencio, comienza nuestra historia. Es aquí donde nació Estiluz — entre montañas moldeadas por el tiempo y un legado de artesanía metalúrgica transmitido generación tras generación. Aquí, la tradición no es una palabra, es una práctica. Esta tierra — profunda, auténtica, duradera — es donde se fabrica cada luminaria de Estiluz.

Y, sin embargo, la chispa nace en otro lugar.

Crafted in the mountains

In the heart of the Catalan Pyrenees, surrounded by forests and silence, our story begins. This is where Estiluz was born — among mountains shaped by time, and a legacy of metal craftsmanship passed down through generations. Here, tradition is not a word. It is a practice. This land — rooted, authentic, enduring — is where every Estiluz luminaire is crafted.

And yet, the spark comes from somewhere else.

En el corazón del Pirineo catalán, rodeados de bosques y silencio, comienza nuestra historia. Es aquí donde nació Estiluz — entre montañas moldeadas por el tiempo y un legado de artesanía metalúrgica transmitido generación tras generación. Aquí, la tradición no es una palabra, es una práctica. Esta tierra — profunda, auténtica, duradera — es donde se fabrica cada luminaria de Estiluz.

Y, sin embargo, la chispa nace en otro lugar.

At Estiluz, we design lighting that stirs emotion. Luminaires with character, elegance and simplicity – created to transform spaces with ease.

We produce everything locally, with expert hands and meticulous attention to detail. We believe in beauty that lasts, and in objects that are felt before they are understood.

This collection doesn't just illuminate, it accompanies and inspires.

Welcome to our way of understanding light

En Estiluz diseñamos luz que emociona. Lámparas con carácter, elegancia y simplicidad, creadas para transformar los espacios con naturalidad.

Fabricamos localmente, con manos expertas y atención al detalle. Creemos en la belleza que perdura y en objetos que se sienten antes que se explican.

Esta colección no solo ilumina, acompaña e inspira.

Bienvenido a nuestra forma de entender la luz.

Imagined by the sea

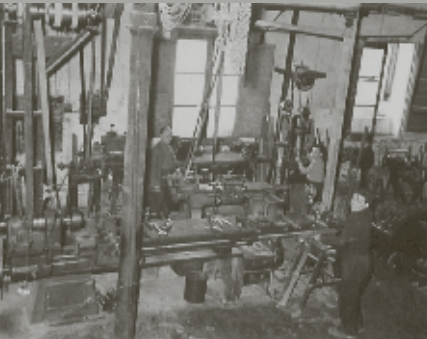

Just an hour away, in Barcelona, bathed by the Mediterranean light, our creative energy takes form. In this vibrant city of architecture and design, inspiration becomes shape, and light becomes language. From the forests that forge, to the sea that inspires, this dual essence is what makes Estiluz unique:

Crafted in the mountains. Imagined by the sea

A solo una hora, en Barcelona, bañada por la luz del Mediterráneo, toma forma nuestra energía creativa. En esta ciudad vibrante de arquitectura y diseño, la inspiración se convierte en forma y la luz en lenguaje. De los bosques que forjan al mar que inspira, esa doble esencia es lo que hace única a Estiluz:

Forjada en las montañas. Imaginada junto al mar.

1969
Gerard Masdeu transformed his father Anton's metal workshop into Estiluz

1973
Construction of the first wing of the new factory

1980
To resonate with the international design scene, Gerard Masdeu adopted the pseudonym Leonardo Marelli.

1980
Designed by Gerard Masdeu in the 1980s, the Talaiot series was inspired by the T-shaped megalithic monuments he encountered during a holiday in Menorca. This collection marked the first major turning point in Estiluz's history, earning the brand recognition and driving its international expansion.

1984
Estiluz was one of the founding companies of SIDI (Society of Industrial Designers) in Spain. Its goal was to promote Spanish industrial design both nationally and internationally, bringing together companies committed to innovation and high-quality design.

1990
With models P-1127 and P-1129, the pioneering concept of bidirectional light in a single floor lamp is introduced.

1992
The first Estiluz subsidiary was established in the United States, followed in later years by subsidiaries in France and Germany

1996
Gerard Masdeu Jr joins the company, followed by his sister Marta a few years later.

2004
To expand and modernize design offering, in 2004 Estiluz began collaborating with external designers. The first partnership came with Ximo Roca, creator of the Luck pendant.

2008
As the market underwent a major transformation, Estiluz introduced LED technology for the first time. That same year, the brand also unveiled a redesigned logo and a renewed corporate identity.

2009
Launch of Infiores at Euroluce — a product that marks a turning point in the brand's design direction, aiming to attract a younger audience. That same year, the Dot collection is introduced, becoming Estiluz's first outdoor range.

2010
Design became a strategic element for Estiluz, which received an Honourable Mention in the European Design Management Award (DME).

2012
Estiluz formed its first working groups to reinforce its commitment to sustainability, quality, and aligned partnerships.

2014
Estiluz integrated lighting with signage and lighting into its designs to meet the needs of the contract sector with functional and decorative solutions.

2016
Estiluz received its first Red Dot Award for the Button collection — the beginning of a series of international design recognitions, including Delta, Metropolis Likes, and Best of Year awards.

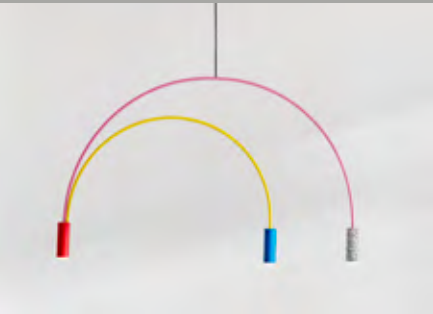

2017
With Volta, Estiluz reconnects with its essence—metal—and establishes the style that will accompany the brand from then on: minimalism, geometry, and pure forms.

2020
After COVID-19, Estiluz embraced biophilia by integrating artificial plants into its lamps, bringing nature indoors and fulfilling the desire to reconnect with it.

2023
To reduce environmental impact the company has installed solar panels for self-consumption.

2024
Volta Memphis is a special edition of the iconic Volta lamp, created to celebrate Estiluz's 55th anniversary while showcasing the brand's customization capabilities.

Sustainable development

We live sustainability as a daily commitment. We design mindfully, optimize every resource, and choose lasting materials to reduce impact and extend the life of our luminaires. We don't just create light—we envision a more responsible, brighter future.

Vivimos la sostenibilidad como un compromiso diario. Diseñamos con conciencia, optimizamos cada recurso y elegimos materiales duraderos para reducir el impacto y dar más vida a nuestras luminarias. No solo creamos luz, también imaginamos un futuro más responsable y luminoso.

Own manufacturing

At Estiluz, every piece is crafted in-house under a critical and expert eye, ensuring flawless finishes. This in-house production allows us to create custom solutions tailored to each project's unique needs. The delicate shaping of metal and meticulous attention to detail are the hallmarks of our quality.

En Estiluz, cada pieza se fabrica en nuestras instalaciones bajo una mirada experta y exigente, garantizando acabados impecables. Esta producción propia nos permite crear soluciones personalizadas que se adaptan con precisión a cada proyecto. El trabajo minucioso del metal y el cuidado en cada detalle definen nuestro sello de calidad.

Materials

Noble materials are rooted in our origins—born from the family’s mechanical workshop. Metal is our essence: strong, precise, enduring. We enrich it with glass, polyethylene, textiles, cork and other materials that bring warmth, texture and contrast. Each piece becomes a story told through materials that endure, connect and elevate.

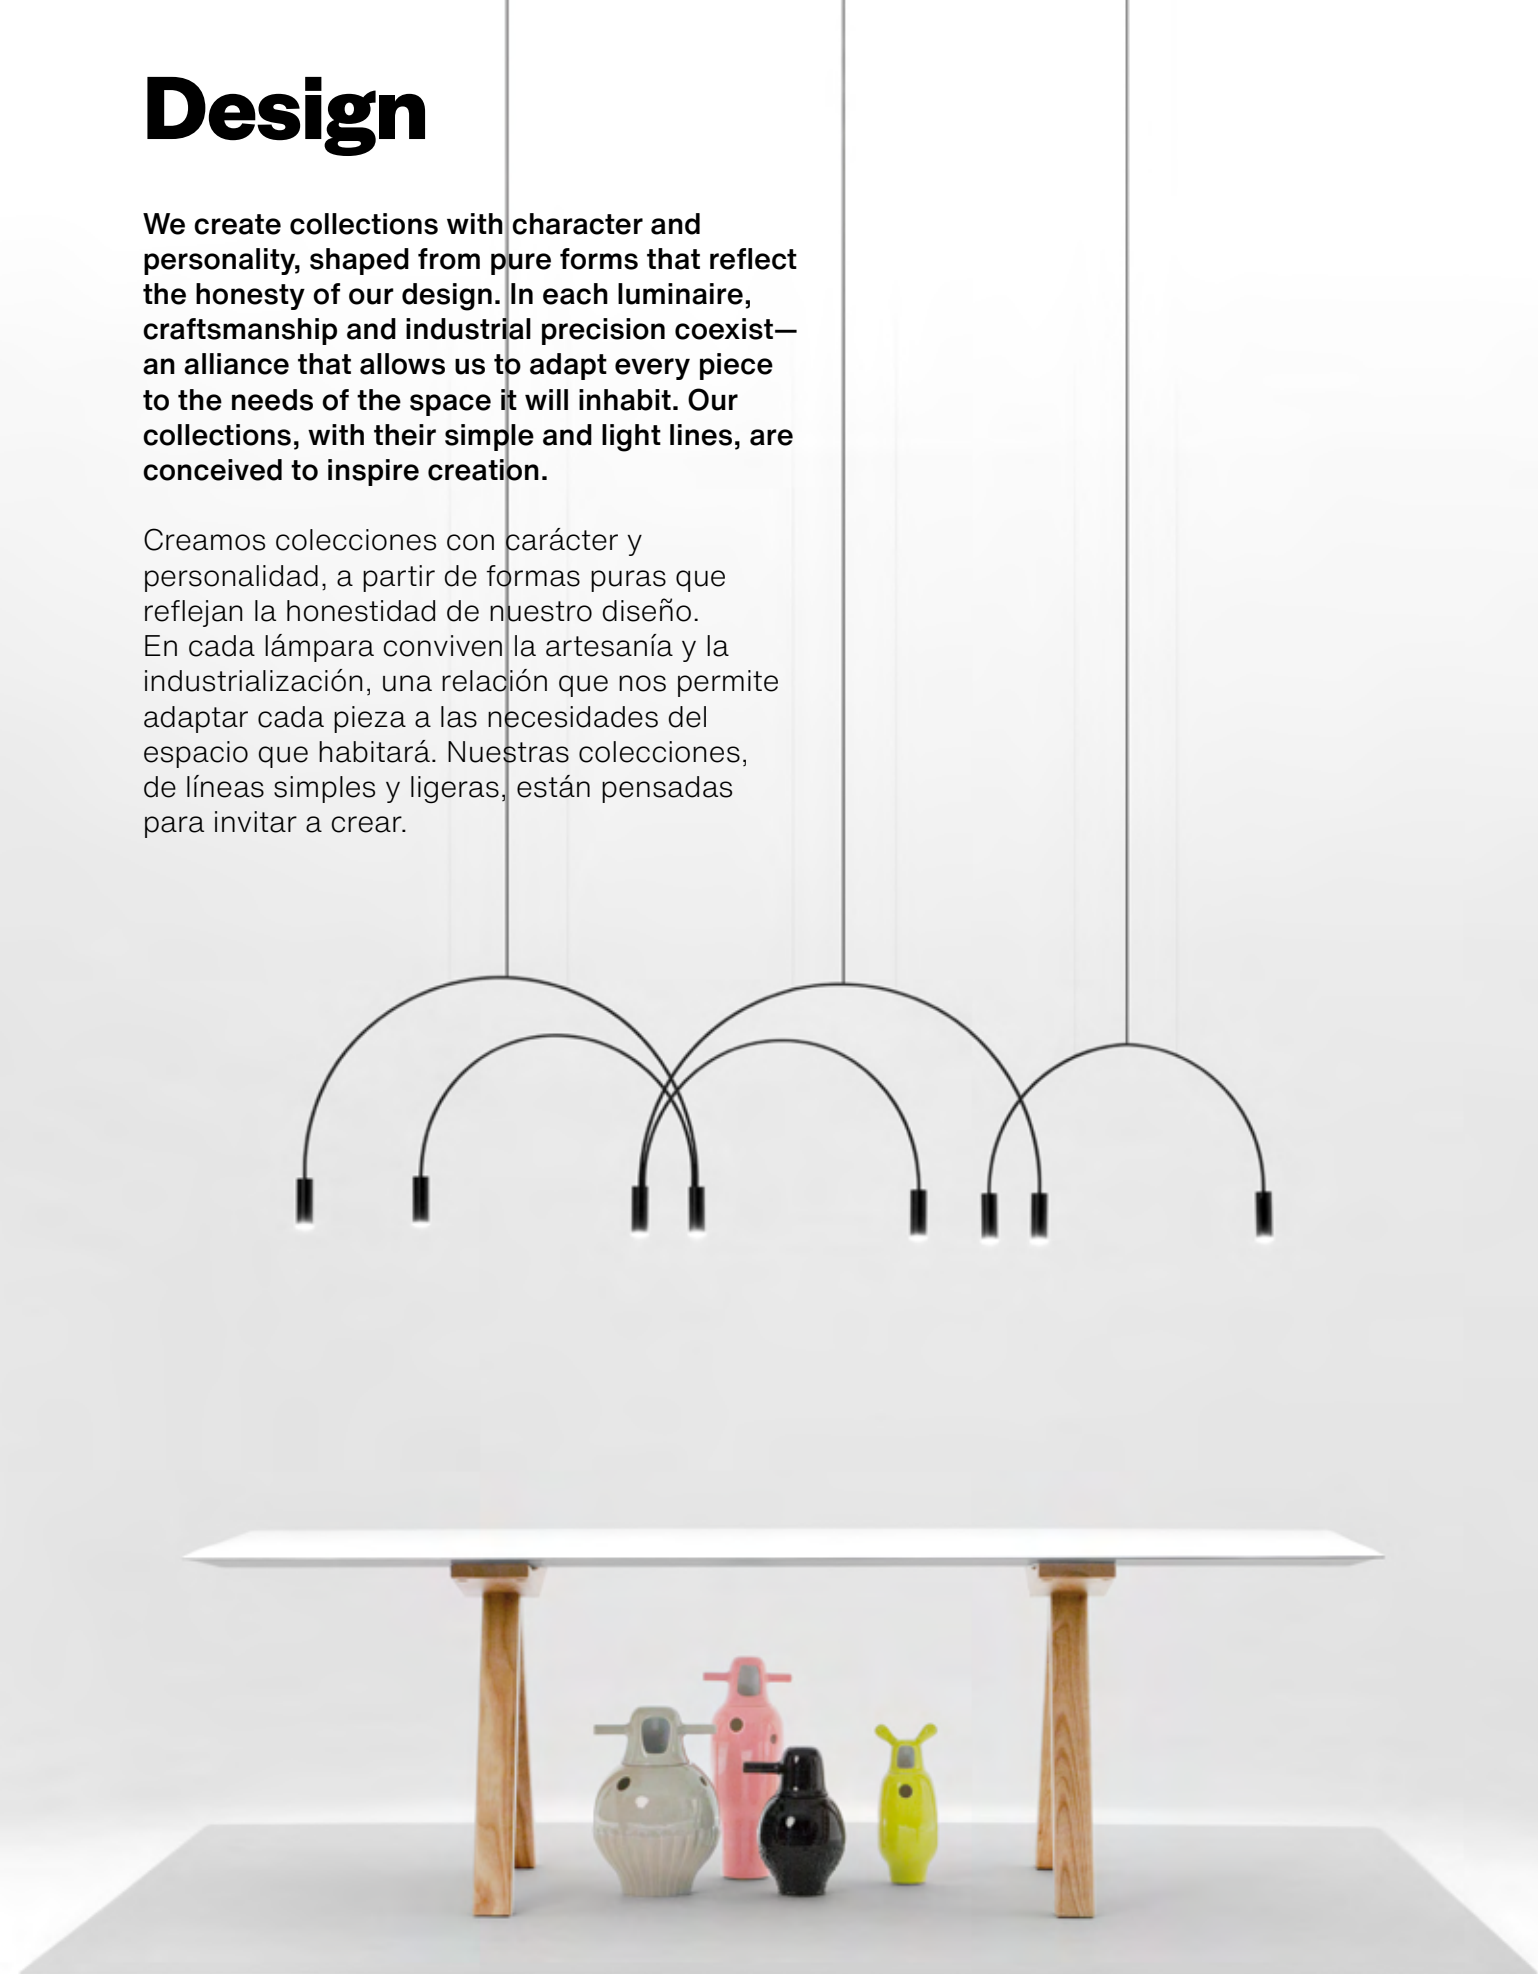

Los materiales nobles forman parte de nuestros orígenes, nacidos de un taller mecánico familiar. El metal es nuestra esencia: firme, preciso y perdurable. Lo enriquecemos con cristal, polietileno, textiles, corcho y otros materiales que aportan calidez, textura y contraste. Cada pieza se convierte en una historia contada a través de materias que perduran, conectan y elevan.

Design

We create collections with character and personality, shaped from pure forms that reflect the honesty of our design. In each luminaire, craftsmanship and industrial precision coexist—an alliance that allows us to adapt every piece to the needs of the space it will inhabit. Our collections, with their simple and light lines, are conceived to inspire creation.

Creamos colecciones con carácter y personalidad, a partir de formas puras que reflejan la honestidad de nuestro diseño. En cada lámpara conviven la artesanía y la industrialización, una relación que nos permite adaptar cada pieza a las necesidades del espacio que habitará. Nuestras colecciones, de líneas simples y ligeras, están pensadas para invitar a crear.

Innovation

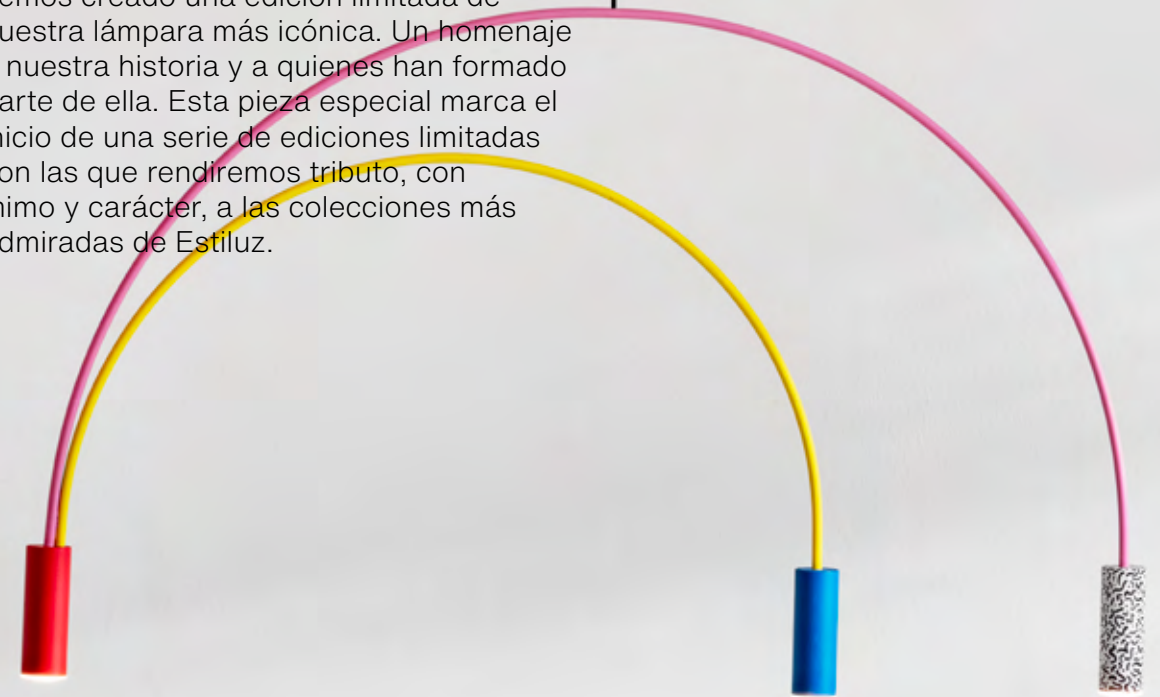

At Estiluz, we see innovation as a constant mindset—one of observation, questioning, and reinvention. Over time, we've developed the ability to offer creative solutions to specific challenges, always seeking harmony between beauty and function. Each collection is born from the desire to add meaningful value, to anticipate market needs, and to transform light into a thoughtful and original response.

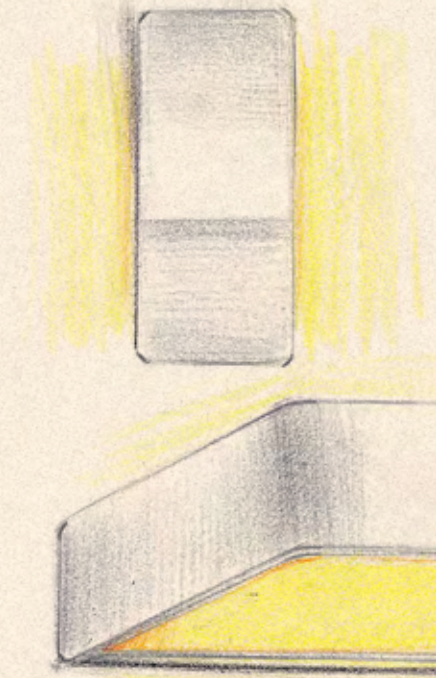

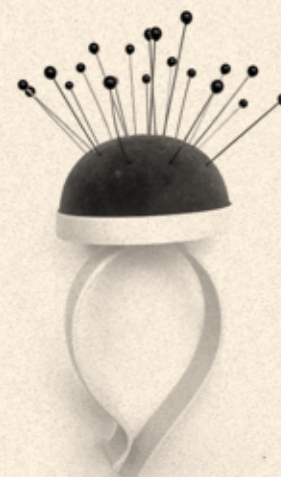

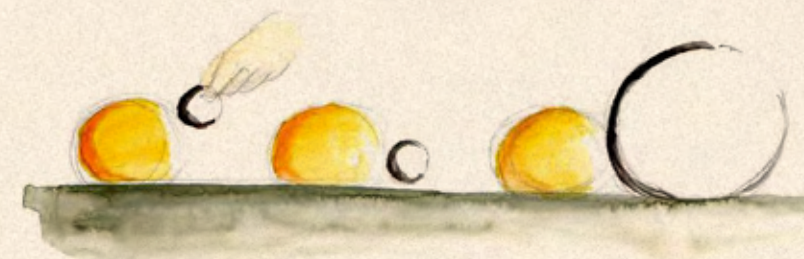

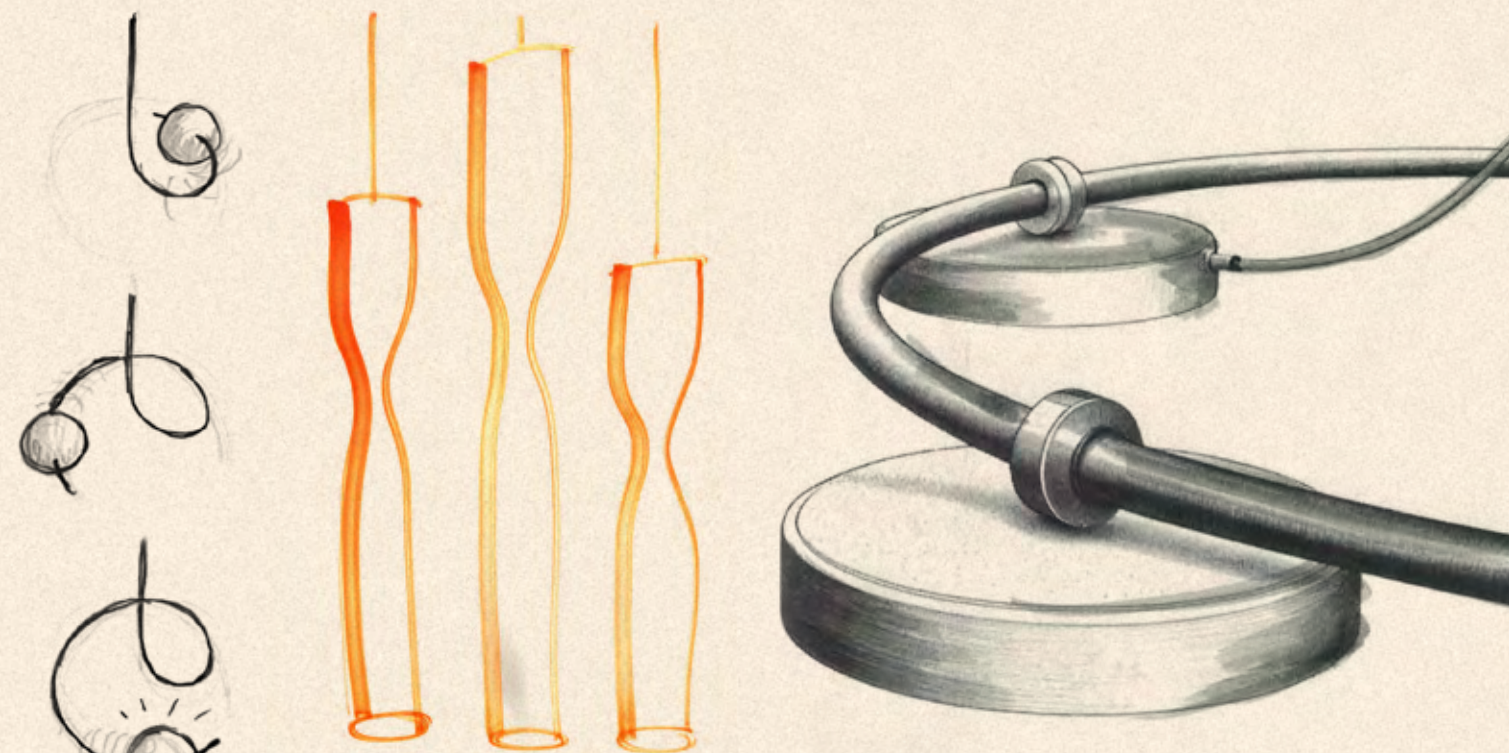

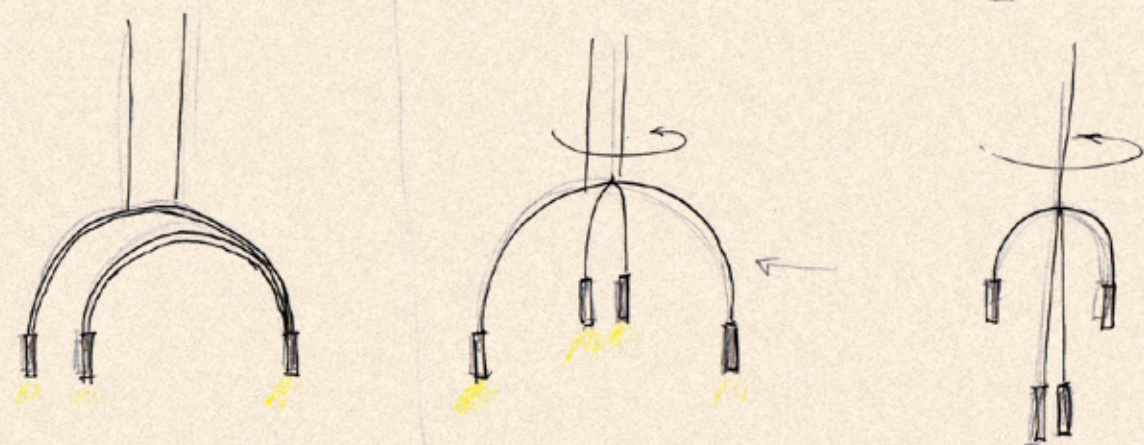

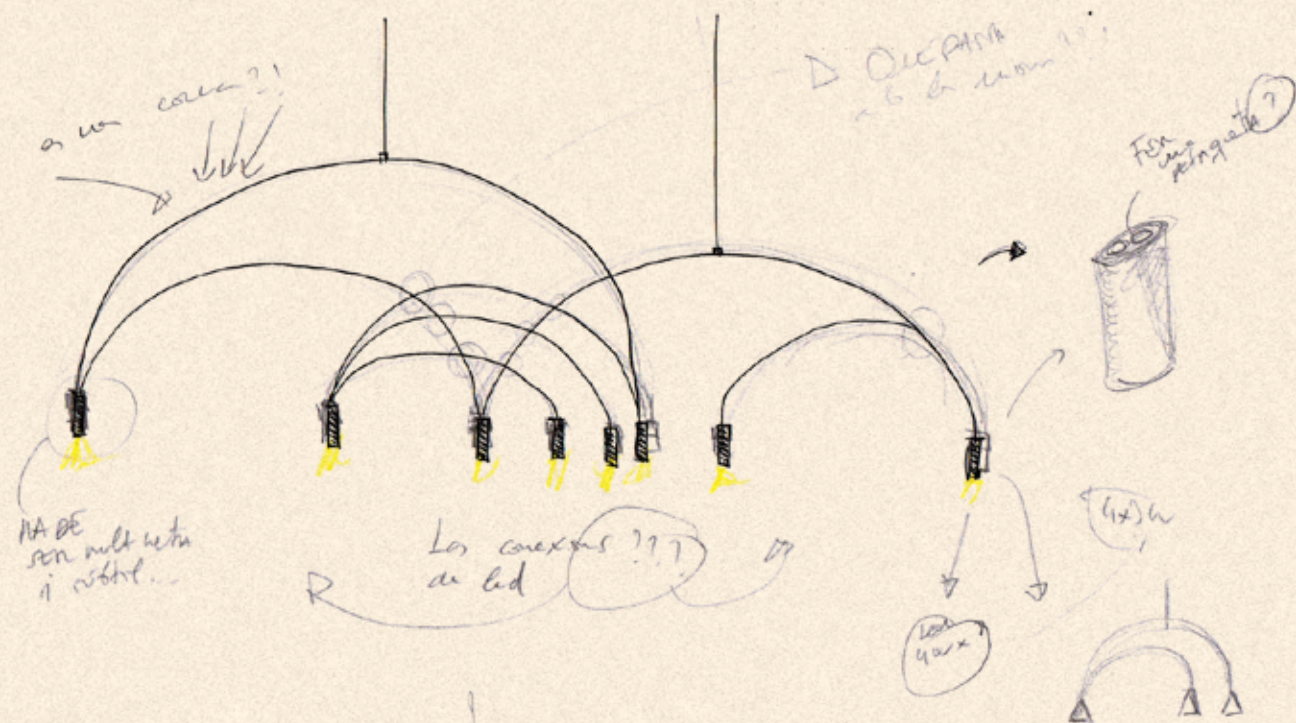

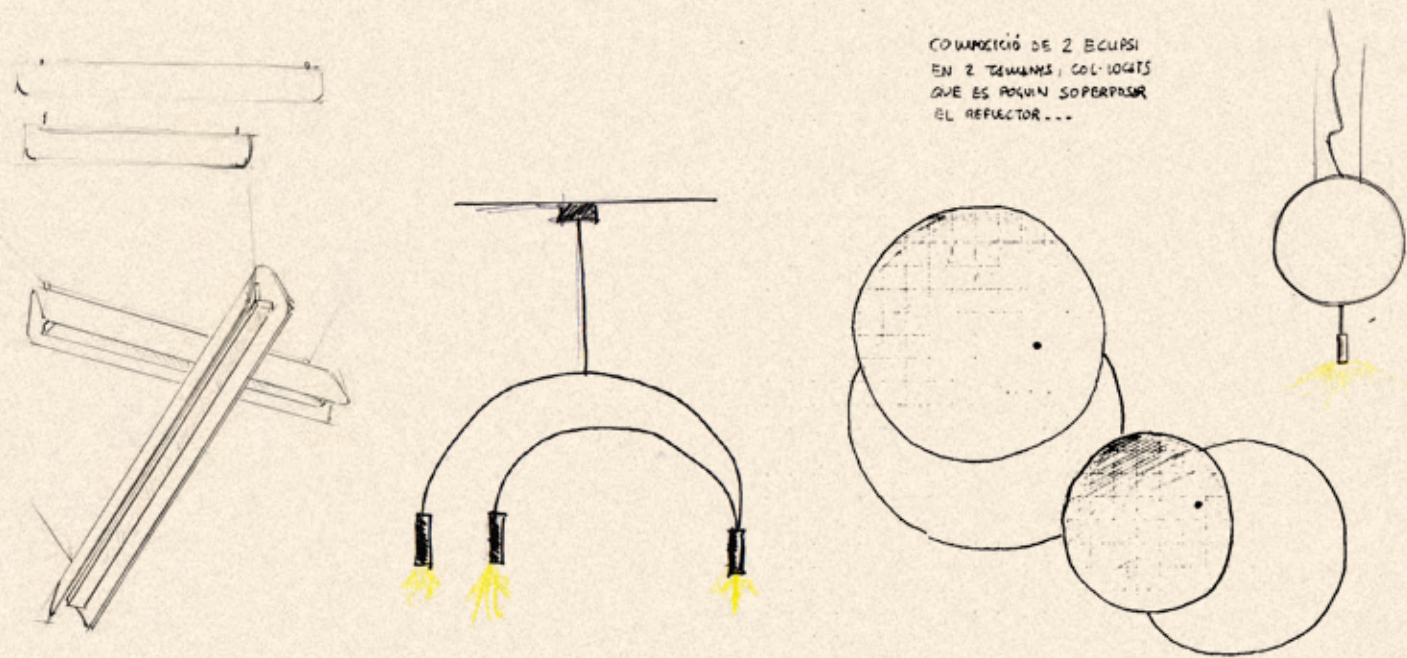

En Estiluz entendemos la innovación como una actitud constante: la de observar, cuestionar y reinventar. A lo largo del tiempo hemos cultivado la capacidad de ofrecer soluciones creativas a retos concretos, buscando siempre el equilibrio entre belleza y utilidad. Cada colección nace del deseo de aportar valor añadido, de anticiparnos a las necesidades del mercado y de transformar la luz en una respuesta nueva, pensada y significativa.

Special editions

To celebrate our 55th anniversary, we've created a limited edition of our most iconic lamp—an homage to our journey and to everyone who has been part of it. This special piece marks the beginning of a series of limited editions through which we will pay tribute, with care and character, to Estiluz's most beloved collections.

Para celebrar nuestro 55 aniversario, hemos creado una edición limitada de nuestra lámpara más icónica. Un homenaje a nuestra historia y a quienes han formado parte de ella. Esta pieza especial marca el inicio de una serie de ediciones limitadas con las que rendiremos tributo, con mimo y carácter, a las colecciones más admiradas de Estiluz.

Thales is inspired by the delicacy of a water droplet in perfect balance, transforming that natural moment into a luminaire with soft lines and a serene presence. Light passes naturally through the opal glass, creating a warm, enveloping atmosphere that brings calm, harmony, and timeless elegance to the space.

Thales se inspira en la delicadeza de una gota de agua en equilibrio, transformando ese instante natural en una luminaria de líneas suaves y presencia serena, donde la luz atraviesa el cristal opal con naturalidad, creando una atmósfera cálida y envolvente que aporta calma, armonía y una elegancia atemporal al espacio.

Volta

Volta draws delicate arches in the air, where light seems to float effortlessly. Subtle yet bold, it balances stability and grace, creating endless compositions of soft, luminous waves that shape and transform any space.

Volta traza arcos delicados en el aire, donde la luz parece flotar sin esfuerzo. Sutil pero audaz, equilibra estabilidad y elegancia, creando infinitas composiciones de suaves ondas luminosas que moldean y transforman cualquier espacio.

Morse

Minimalist and timeless, Morse speaks through light—points and lines forming an infinite path. Like rotating beacons, its shades turn, directing light in multiple directions, tracing luminous routes upward, downward, or gently against the walls.

Minimalista y atemporal, Morse se expresa con luz: puntos y líneas que trazan un camino infinito. Como balizas giratorias, sus pantallas se orientan, dirigiendo la luz en varias direcciones y trazando rutas luminosas hacia arriba, abajo o suavemente contra las paredes.

Revolta traces open circles in the air—light, floating, almost weightless. Minimal yet expansive, it shapes volumes with emptiness, blending sound absorption and color into elegant suspended compositions. A luminous rhythm for infinite spaces.

Revolta dibuja círculos abiertos en el aire: ligeros, flotantes, casi ingravidos. Mínima y expansiva, moldea el vacío creando volúmenes, fusionando color y absorción acústica en composiciones suspendidas. Un ritmo luminoso para espacios infinitos.

Revolta

Shapes

Shapes emerges like a natural extension of the wall, wrapping light in a soft, organic embrace. Asymmetry and balance intertwine, creating gentle atmospheres and dynamic compositions that guide, illuminate, and inspire.

Shapes surge como una extensión natural de la pared, envolviendo la luz en un abrazo orgánico y suave. Asimetría y equilibrio se entrelazan, creando atmósferas delicadas y composiciones dinámicas que guían, iluminan e inspiran.

Laverd

Laverd reimagines the chandelier as a stylized wheel, with cylindrical shades casting light in both directions. A dynamic central element allows endless shapes to emerge, connecting and combining lamps of different diameters in a vertical dance.

Laverd reinventa la lámpara de araña como una rueda estilizada, con pantallas cilíndricas que proyectan luz en ambos sentidos. Un elemento central dinámico permite crear formas infinitas, conectando y combinando lámparas de distintos diámetros en vertical.

Shapes

Indoor & Outdoor

Shapes emerges like a natural extension of the wall, wrapping light in a soft, organic embrace. Asymmetry and balance intertwine, creating gentle atmospheres and dynamic compositions that guide, illuminate, and inspire.

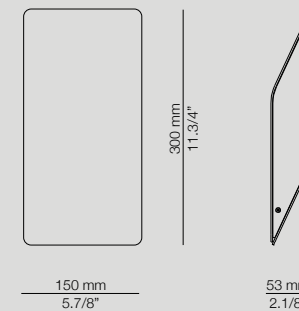

Shapes surge como una extensión natural de la pared, envolviendo la luz en un abrazo orgánico y suave. Asimetría y equilibrio se entrelazan, creando atmósferas delicadas y composiciones dinámicas que guían, iluminan e inspiran.

Lune casts a warm, indirect glow, embracing walls with its soft, feminine curvature. It integrates naturally into any space, while its engraved metal plate merges function and elegance. Light that guides, adorns, and informs.

Lune proyecta una luz cálida e indirecta, abrazando la pared con su suave y femenina curvatura. Se integra de forma natural en cualquier espacio, mientras su pantalla metálica grabada fusiona función y elegancia. Luz que guía, adorna e informa.

Circ

A sphere of light, weightless yet strong, intertwining with metal in perfect asymmetry. Circ evokes harmony and warmth, a luminous presence that soothes and inspires.

Una esfera de luz, ingravida y firme, que se entrelaza con el metal en perfecta asimetría. Circ evoca armonía y calidez, una presencia luminosa que reconforta e inspira.

Modifications / Modificaciones

Estiluz reserves the right to modify or discontinue, without previous notice, products in the catalog. Please check our web for current product availability and specifications. Lumens on LED's indicate the lumen output without diffuser.

Estiluz se reserva el derecho a modificar o anular, sin previo aviso, productos de este catálogo. Por favor visite nuestra web para conocer los productos y especificaciones actuales. Los lúmenes indicados son de salida, sin difusor.

Comments / Observaciones

- All ESTILUZ, S.A. products are designed and manufactured to keep customers satisfied, consequently please note the following:
- Due to the high quality of our finishes, we recommend using a soft dry polish cloth for cleaning, avoiding the use of special cleaning products that could damage the finish.
 - All models are patent protected.
 - Conformity Certificates and technical information of our products are available upon request.
- Los productos de ESTILUZ, S.A han sido diseñados y fabricados para satisfacer al máximo a nuestros clientes, debiendo por ello informarles de:
- Dada la alta calidad de nuestros acabados, aconsejamos efectuar la limpieza exclusivamente con una gamuza seca, evitando el uso de productos especiales que podrían dañar la superficie.
 - Modelos protegidos por el Registro de la Propiedad Industrial.
 - Certificados de Conformidad e información técnica de nuestros productos disponibles bajo consulta.
